

INNOVATION PROJECT 2013

Liikkuvan Arjen Design muotoilee parempaa ympäristöä edistäviä pyöräilyä, jalankulua ja joukkoliikenteen ratkaisuja!

INNOVATION PROJECT 2013

Project IV: Innovation project 10 ECTS

Learning objectives:

The student knows how to write a project plan and how to manage a project. The student will master the skills in multidisciplinary cooperation and networking. He/she will also learn how to communicate appropriately with different interest groups, is familiar with the challenges of project communication and will improve his/her collaborative skills.

The student will deepen his/her own field of expertise and will be able to evaluate his/her own expertise as part of a project. The student will develop an understanding of how to acquire and revise information from different sources as well as adapt that information to a new material.

The student will learn to observe and take into account both his own as well as other's objectives. The student explores practices from different fields of activities and learns to understand people who work within different lines of businesses.

The student develops an understanding of an innovative process and is able to recognize a creative problem solving process. He/she can justify and argue convincingly, when working as part of a cooperative process.

INNOVATION PROJECT 2013

Project IV: Innovation project 10 ECTS

Core content:

- Process expertise in terms of development, coordination and management expertise
- Designer's communication skills in a collaboration project
- Multidisciplinary product development and/or research activities related to the field
- Applying studies into practice
- Work community co-operation

Evaluation criteria

- Students can put into practice their skills and knowledge in a practical innovation project
- Students are able to work as a member of a multidisciplinary development team
- Students can produce innovative product concepts

INNOVATION PROJECT 2013 THEMES

INNOVATION PROJECT 2013

Subjects/themes of design

HELSINKI

Bicycle Centre 2.0 MUST!

- After Narinkka-tori?

Service station/maintenance/ bicycle center services

- Work / fix stands
- Commercial, community or housing cooperative owned
- Sponsors and partners

Pop up/event /workshop

- Ravintolapäivä, Taiteiden yö, Siivouspäivä
- Sponsors and partners

INNOVATION PROJECT 2013

Subjects/themes of design

VANTAA

Bike parking

- Housing fair 2015 in Vantaa
- Kivistö area
- Technology provider Elektria?

Buggy

- Housing cooperative or community owned
- Housing fair 2015 in Vantaa
- Prototype

School path **MUST!**

- Demo path to Kivistö area

INNOVATION PROJECT 2013

Subjects/themes of design

VANTAA + HELSINKI

Bicycle routes and lanes

- Services and facilities
- Satellite centers
- Different quality level of lanes
 - Quality cycling corridors (Baana etc.)
- User profiles
 - Commuter
 - Leisure
 - Tourists
 - Etc.

Bicycle routes and lanes : **Signage**

- Route marks
- Road and lane signs
- Sign posts / elements
- Icons
- Etc.
